Follow Up:

Review with Dr. CHAITRA GOWDA K N after 1 week with prior appointment.

Instructions for the care of surgical site/wound:

1. Follow the discharge advice and take the prescribed medicines properly.
2. Maintain good personal hygiene by taking a bath daily with soap and warm water. Pat the surgical site dry with a clean absorbent towel.
3. Keep the surgical site clean and dry, especially after using the washroom.
4. Wash your hands thoroughly with soap and water and dry with a clean towel before touching the surgical site.
5. If wound dressing is required, it should be performed in Rainbow Children's Hospital only.
6. Report to your doctor immediately if you notice any of the following symptoms - Redness or swelling around the incision, increased pain at the surgical site, any discharge or foul odour from the incision, wound gaping in the stitches before healing, fever, malaise or tiredness.
7. If you are a diabetic, keep your blood sugar levels under control with a proper diet, exercise and medication as prescribed by your doctor. Monitor the blood sugar levels and HbA1c levels periodically or as advised by your doctor.

In case of emergency Kindly contact 9620688818/9620688814.
